

Suppliers List DeciElec 2019 - February 2019 - 06/11/2020

3AF

French Aeronautics & Astronautics Association

France

3D PLUS

Manufacturing and development of embedded systems

France

A PLUS SYSTEME AUTOMATION

Industrial computing, rugged products, display solutions

France

A.E.M. ATELIERS ELECTRO MECANIQUES

Automatic wiring and cable preparation, Hot Melt overmolding, waterproofing, Ultrasonic compaction, Cabinet and cabinet wiring, Laser engraving.

France

A2C - AIR COST CONTROL

Air Cost Control's mission is to negotiate, buy, store and resell products for electrical and metal aerospace industry

France

ACIME TECHNOLOGY

Manufacturer of magnetic components, Manufacture of transformers, chokes, sensors and energy conversion

France

ACTIA AUTOMOTIVE SA

Design, production and long term maintenance of embedded electronic systems

France

AD'OCC (MADEELI)

Development Agency

France

AES

Winding, micro-winding, linear power supply, electric sheet, psc wire, cable harness, prototyping

France

AIC EUROPE GMBH

We reply to all technical and challenging questions around capacitors and batteries; Power electronic design for renewable energy, power transmission, drives, medical technology, railway, aerospace and maritime traction and equipment

Germany

AIRCAR - FILIÈRE AÉRONAUTIQUE DES INSTITUTS CARNOT

AirCar is a consortium of 9 Carnot institutes (Onera, Cetim, Ingenierie@Lyon, MINES, Arts, IFPEN, Transports Energie, Mica, CEA Leti, ESP), which aims to establish a link between Companies and French research.

France

ALLIANTECH

Sensors for instrumentation applications and dynamic measurement of equipments

France

ALPHA INNOVATIONS SA

Power technology. Highly reliable standard and custom designed power solutions

Belgium

ALTAIR ENGINEERING FRANCE

Provision of software allowing the analysis, management and visualization of technical data, simulation and optimization of parts and products.

France

AMPHENOL AIR LB

Amphenol Air LB is a global leader specializing in the areas of interconnection systems and electrical wiring accessories and attachment.

France

AMW GROUP

Manufacturer of magnetic components, Manufacture of transformers, chokes, sensors and energy conversion

Thailand

ANTELEC

Connectors Manufacturer for the professional electronics industry

France

ARCYS

Electronic equipment and systems for harsh service conditions

France

AT&S AUSTRIA TECHNOLOGIE & SYSTEMTECHNIK AG

High-end PCB technology and manufacturing

Austria

AXID SYSTEM

Power electronics design office. On technical specification, AXID develops converters from 5W to 50kW: Inverters, power supplies, battery chargers, motor / LED driver, electronic loads with grid re-injection

France

Suppliers List DeciElec 2019 - February 2019 - 06/11/2020

BRIGHTLOOP CONVERTERS

Digital controls power supplies expert from 10W to 150kW
France

CAMARA OFICIAL DE COMERCIO E INDUSTRIA DE ALAVA

The Chamber of Commerce offers businesses Alava training and Advice on issues of internationalization, Industry, Trade.
Spain

CARNAUTO

Carnauto supports innovation in companies: Motors and energy vectors: hybrid, fuel cell - Materials and architectures - ICT and mobility: driving assistance, mobility management, software architecture
France

CEA TECH EN OCCITANIE PYRÉNÉES-MÉDITERRANÉE

Research Center
France

CEL COMPOSANTS ÉLECTRONIQUES LYONNAIS

Distributor of electronic components, connectics, telecommunication
France

CINCH CONNECTIVITY SOLUTIONS

Military and aerospace connectivity solutions
United Kingdom

CIRTEM

Design of engine management system architecture, development of control strategies
France

CLEMESSY AÉRONAUTIQUE & SPATIAL

Designer and integrator, simulation, production, test bench, system integration, cabling
France

C-MAC ELECTROMAG

Developer & manufacturer of thick film on ceramic, PCBA or module assemblies for system critical electronics requiring precision and high reliability in harsh environments
Belgium

COFIDUR EMS

Electronic subcontracting, from industrialisation to after sale support.
France

COPELECTRONIC SCOP SA

Electrical & electronic assemblies and subassemblies
France

COTELEC

Distribution of Electronic Equipment, Pressfit Type Connectors, Sale of Products for Testing Electronic Boards, Types of Test Bars and Spring Test Tip.
France

CPE ITALIA SPA

Electrical interconnection, cable harnesses in the European & international market
Italy

DSPACE SARL

Development and distribution of integrated hardware and software tools for the development and testing of ECUs and mechatronic controllers, used in the automotive industry, aeronautics, the control equipment sector
France

ELANTAS EUROPE GMBH

Manufacturer of potting compounds, conformal coatings for thick and thin film applications, adhesives and melting resins for the electronic and electric industry
Germany

ELEMASTER SPA TECNOLOGIE ELETTRONICHE

Designing and developing electronic technologies, for command, control and regulation equipment through designing, engineering and manufacturing services (ODM/EMS), integrated with the creation of custom components and PCB manufacturing
Italy

ELEMCA

Analyses & Expertise, private Laboratory, semiconductor devices, Electronic boards & assemblies
France

EMG2

Supply of various electronic solutions (chassis, cards, modules and components)
France

ENAG

Electronics, electrical engineering, automotive battery chargers, traction motors..
France

ENIT - LABORATOIRE GÉNIE DE PRODUCTION

Implementation of R & D programm linked with power electronics and energy management.
France

Suppliers List DeciElec 2019 - February 2019 - 06/11/2020

ENSEIRB-MATMECA

Public Engineering School of the Polytechnic Institute of Bordeaux
France

EPT GMBH

Connector Production and design - Other electromechanical components
Germany

ESSETI PCB

Printed circuit boards
Italy

EUROCOMPOSANT

Electronic solutions, semi conductors and components, opto electronic, sensors, embedded systems, display, led
France

FIRST SENSOR AG

Sensors and sensor solutions (design and manufacturing). Service manufacturing for power electronics. Power electronics (MOSFET) for harsh environments.
Germany

FIRST SENSOR LEWICKI GMBH

Design and production of customized electrical systems with focus on high reliable applications
Germany

FISCHER ELEKTRONIK GMBH & CO KG

The right contact for heatsinks, thermally conductive material, cases and connectors. Our core competencies: Heatsinks and concepts for semiconductor cooling 19" and case technology Connectors/Brackets/Optoelectronics.
Germany

GAIA CONVERTER

Standard converters from 4W to 350W for on-board environment: aeronautics, military, railway, industrial / Dc / Dc converter for high reliability applications
France

GDTECH FRANCE

A complete and innovative design office with recognized expertise in engineering, mechanical design and digital simulation.
France

IRT SAINT EXUPÉRY

Service company developing custom products for industries and system integrators. We cover all areas of RF and microwave technology, and offer innovative solutions for the most demanding applications
France

ISP SYSTEM

Manufacturer of "Die-Ottoch" machines for the assembly of power modules, designer and manufacturer of high precision mechatronic equipment: micro-nano positioning, opto-mechanics, special machine
France

JAE EUROPE LTD

Design, manufacturer of interconnect products, covering consumer, rail, industrial & automotive
United Kingdom

KYOCERA FRANCE

Sale of "Micro-electronic packaging, Enclosures, substrates (ceramic / organic) Standard & Custom" solutions.- Silver pastes (Ag-Sintering "no pressure"), resins for "Die-Attach" & Encapsulation
France

L.A.B. CIRCUITS, S.A.

Pcb manufacturing - printed circuits boards
Spain

LAPLACE

Research Laboratory
France

LAUTERBACH SARL

Design of development tools for microprocessors. development of both the hardware and software necessary for our development tools for microprocessors
France

LGM INGENIERIE

Design of development tools for microprocessors. development of both the hardware and software necessary for our development tools for microprocessors
France

MAGTROL SA

Supply sensors and test bench for Motor testing
Switzerland

Suppliers List DeciElec 2019 - February 2019 - 06/11/2020

MB ELETTRONICA

Complete production process, realization and delivery of finished electronic devices. Electronic parts, cable and harnesses manufacturing, mechanical parts, testing and verification

Italy

MERSEN FRANCE SB SAS

Solutions for Power Management, Electrical Protection & Control

France

NEXIO

Design office, engineering, software on electromagnetic field

France

NORPOO

Electronic Manufacturing Services

Spain

ODU FRANCE

High quality interconnect products, connector solutions for most technical needs

France

PLEXIM GMBH

PLECS® is the tool of choice for high-speed simulations of power electronic systems.

Switzerland

POWER DESIGN TECHNOLOGIES

Power electronics and power converter design automation

France

POWEREX EMA

Power semiconductors Manufacturer and sale

France

SEE

The Frech Electrical, Electronics and Information & Communication Technologies Society

France

SERMA INGENIERIE

SERMA ENGINEERING, a subsidiary of SERMA TECHNOLOGIES GROUP, designs and realises electronic systems.

France

SERMA TECHNOLOGIES

Analysis, control, expertise and consulting service of electronic components, boards and systems

France

SMITHS INTERCONNECT FRANCE

Design, manufacture and marketing of electrical connectors and interconnection solutions, high reliability interconnection solutions for specific applications

France

SPHEREA PUISSANCE PLUS

Expertise in the fields of power electronics, analog, measurement, digital and programming

France

SPHEREL SYSTEMES

Development of electronic systems and software

France

STÄUBLI ELECTRICAL CONNECTORS

Design and manufacture of electrical connectors based on the integration of our Multilam lamella contact technology.

France

STELIAU TECHNOLOGY

Specialist in thermal solutions and electrical insulation. Exclusive representative for France.

BERGQUIST (thermal interfaces), VETTE CORP (China, heatsinks), IERC-CTS CORP (USA, thermal slide)

France

SUSUMU DEUTSCHLAND GMBH

World leader for thin film components, serving telecommunication & networking, computers & storage devices, power supply equipment, test & measuring equipment, medical equipment, as well as automotive and consumer electronics

Germany

TARN SERVICE ELECTRONIQUE

Wiring of serial and prototype electronic boards

France

TASTITALIA SRL

Customized human to machine interface

Italy

TEKTRONIX

test and measurement solutions

France

TELEDYNE LECROY

Oscilloscopes, protocol analyzers, test and measurement solutions

France

Suppliers List DeciElec 2019 - February 2019 - 06/11/2020

TFE - MEGGITT POWER & MOTION

Design, development and manufacturing of onboard electronic equipment military and Aeronautic

France

TRONICO

Design and integration of electronic systems, global turnkey solutions

France

VECTOR FRANCE

Products and software for embedded networks

France

VODEA

Development and production of electronic systems from pre-project to withdrawal from service. Electronics, software, programmable and mechanical logic, Real-time image and video processing.

France

WATT AND WELL

Design, production and after-sales service related to power electronics, energy conversion, on-board systems, engine controls. Electronic products for harsh environments.

France

WILLIAMSON ELECTRONIQUE

Designer of autonomous energy systems

France

WOLFSPEED

Power electronics components

USA
